MATERIAL SAFETY DATA SHEET

1. SUBSTANCE AND SOURCE IDENTIFICATION

National Institute of Standards and Technology Standard Reference Materials Program

100 Bureau Drive, Stop 2300

Gaithersburg, Maryland 20899-2300

SRM Number: 2897 MSDS Number: 2897

SRM Name: Ethanol-Water Solution

(nominal 2 % by mass)

Date of Issue: 19 June 2006

MSDS Coordinator: Mario Cellarosi

Telephone: 301-975-6776 FAX: 301-926-4751

Emergency Telephone ChemTrec: 1-800-424-9300 (North America) +1-703-527-3887 (International)

E-mail: SRMMSDS@nist.gov

Description: Standard Reference Material (SRM) 2897 is a solution of ethanol in water at a

nominal concentration of 2 % by mass. SRM 2897 consists of five 10-milliliter

ampoules, each containing approximately 10 mL of solution.

Substance: Ethanol-Water Solution (6 % by mass)

2. COMPOSITION AND INFORMATION ON HAZARDOUS INGREDIENTS¹

Component: Ethanol

Other Designations: Ethanol (ethyl alcohol; ethyl hydroxide; ethyl hydroxide; methyl carbinol;

absolute alcohol; fermentation alcohol)

CAS Number: 64-17-5

EC Number (EINECS): 200-578-6

SRM Nominal

Concentration (mass %): 2
EC Classification: F
EC Risk (R No.): 11
EC Safety (S No.): 2, 7, 16

3. HAZARDS IDENTIFICATION

NFPA Ratings (Scale 0–4): Health = 2 Fire = 2 Reactivity = 0

Major Health Hazards: Respiratory tract irritation. Skin irritation. Eye irritation. Central nervous

system depression. Liver damage.

Potential Health Effects

Inhalation: Exposure to ethanol of 1 000 ppm to 10 000 ppm may cause temporary irritation

of the upper respiratory tract, coughing, and central nervous system depression. Symptoms may include headache, fatigue, dizziness, drowsiness, dullness, lassitude, and loss of appetite. Repeated or prolonged exposure by inhalation may cause irritation of the mucous membranes, headache, dizziness,

nervousness, fatigue, nausea, lack of concentration, and sleepiness.

Skin Contact: Acute exposure of ethanol to the skin may cause mild redness and burning. May

occasionally cause allergic contact dermatitis. Repeated or prolonged contact

with ethanol, the liquid, can cause dermatitis.

Eye Contact: Vapor concentrations of ethanol of 1 000 ppm to 10 000 ppm may cause

temporary eye irritation. Direct contact of the liquid may cause immediate burning and stinging. Repeated or prolonged contact may cause conjunctivitis.

Ingestion: Ingestion of ethanol may cause emotional lability and decreased inhibitions with

symptoms of drunkenness. Death may occur from respiratory or circulatory failure or later from aspiration pneumonitis or pulmonary edema. Repeated or prolonged exposure may cause damage to the liver, kidneys, and brain. The

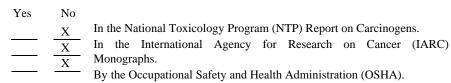

heart may also be affected.

MSDS 2897 Page 1 of 4

¹Hazardous components 1 % or greater; Carcinogens 0.1 % or greater are listed in compliance with OSHA 29 CFR 1910.1200.

Listed as a Carcinogen/ Potential Carcinogen:

Ethanol

4. FIRST AID MEASURES

Inhalation: If adverse effects occur, remove to uncontaminated area. Give artificial

respiration, if not breathing, by qualified personnel. Get immediate medical

attention.

Skin Contact: Rinse affected area with copious amounts of water for at least 15 minutes while

removing contaminated clothing. Get medical attention, if needed.

Eye Contact: Flush eyes, including under the eyelids, with copious amounts of water for at

least 15 minutes. Get immediate medical attention.

Ingestion: Get immediate medical attention. If vomiting occurs, keep head lower than hips

to prevent aspiration. Give artificial respiration, if not breathing, by qualified

personnel.

5. FIRE FIGHTING MEASURES

Fire and Explosion Hazards: Ethanol is a severe fire hazard. The vapor is heavier than air and may ignite by a

distant ignition source and flash back. Vapor/air mixtures are explosive above

the flash point.

Extinguishing Media: Alcohol resistant foam. Carbon dioxide. Regular dry chemical. Water.

Fire Fighting: Move container from fire area if it can be done without risk. Wear full

protective clothing and NIOSH-approved self-contained breathing apparatus

(SCBA).

Component: Ethanol (nominal 2 % by mass)

Flash Point: Not available.

Method Used: Not available.

Autoignition Temp.: 363 °C (ethanol)

Flammability Limits in Air

UPPER (Volume %): 19 (ethanol) LOWER (Volume %): 3.3 (ethanol)

6. ACCIDENTAL RELEASE MEASURES

Occupational Release: Avoid hear, flames, sparks, and other sources of ignition. Remove sources of

ignition. Reduce vapors with water spray. Absorb small, spilled material volumes with sand or other non-combustible material. Collect spilled material in

an appropriate container for disposal.

Disposal: Refer to Section 13, "Disposal Considerations".

7. HANDLING AND STORAGE

Storage: Store and handle in accordance with all current regulations and standards.

Safe Handling Precautions: See Section 8, "Exposure Controls and Personal Protection".

8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Exposure Limits: Ethanol

OSHA (PEL): 1 900 mg/m³ (1 000 ppm) TWA ACGIH: 1 900 mg/m³ (1 000 ppm) TWA

NIOSH: 1 900 mg/m³ (1 000 ppm) recommended TWA (10 h)

WEL UK: 1 920 mg/m³ (1 000 ppm) TWA

Ventilation: Provide local exhaust ventilation system. Ventilation equipment should be

explosion-resistant if explosive concentrations of material are present.

Respirator: If necessary, refer to the "NIOSH Guide to the Selection and Use of Particulate

Respirators Certified under 42 CFR 84" for selection and use of respirators

certified by NIOSH.

Eye Protection: Wear safety goggles. An eye wash station should be readily available near areas

of use.

Personal Protection: Wear appropriate protective clothing and chemically resistant gloves to prevent

skin exposure.

9. PHYSICAL AND CHEMICAL PROPERTIES

Component: Ethanol (nominal 2 % by mass) Appearance and Odor: Liquid. Colorless. Fruity odor.

Boiling Point: 98 °C (208 °F) **Water Solubility:** Soluble.

Solvent Solubility: Soluble in benzene, ether, and acetone.

10. STABILITY AND REACTIVITY

Stability: X Stable Unstable

Stable at normal temperatures and pressure.

Conditions to Avoid: Avoid heat, flames, sparks, and other sources of ignition. Avoid contact with

incompatible material.

Incompatible Materials: Halo carbons. Metals. Metal salts. Oxidizing materials. Halogens. Peroxides.

Acids. Metal oxides. Bases. Combustible materials.

Fire/Explosion Information: See Section 5, "Fire Fighting Measures".

Hazardous Decomposition:Thermal decomposition will produce oxides of carbon.Hazardous Polymerization:Will OccurXWill Not Occur

11. TOXICOLOGICAL INFORMATION

Route of Entry: X Inhalation X Skin X Ingestion

Toxicity Data: Ethanol

Man, Intermittent Oral TD_{LO}: 22 500 mg/kg (4 weeks)

Man, Oral TD_{LO} : 3 371 μ L/kg Man, Oral TD_{LO} : 1 430 μ g/kg Man, Oral TD_{LO} : 50 mg/kg

Tumorigenic, Reproductive,

Mutagenic Data: Ethanol has been investigated as a tumorigenic, mutagenic, and reproductive

effector.

Health Effects

(**Acute and Chronic**): See Section 3: "Hazards Identification" for potential health effects.

12. ECOLOGICAL INFORMATION

Ecotoxicity Data Summary: Highly toxic to aquatic life.

13. DISPOSAL CONSIDERATIONS

Waste Disposal: Dispose in accordance with all applicable federal, state, and local regulations.

MSDS 2897 Page 3 of 4

14. TRANSPORTATION INFORMATION

U.S. DOT and IATA: Not regulated by DOT and IATA.

15. REGULATORY INFORMATION

U.S. Regulations: CERCLA Sections 102a/103 (40 CFR 302.4): Not regulated.

SARA Title III Section 302 (40 CFR 355.30): Not regulated. SARA Title III Section 304 (40 CFR 355.40): Not regulated. SARA Title III Section 313 (40 CFR 372.65): Not regulated. OSHA Process Safety (29 CFR 1910.119): Not regulated.

SARA Title III Sections 311/312 Hazardous Categories (40 CFR 370.21):

ACUTE: Yes.
CHRONIC: Yes.
FIRE: Yes.
REACTIVE: No.
SUDDEN RELEASE: No.

State Regulations: California Proposition 65: Not regulated.

CANADIAN Regulations

WHMIS Classification: Not determined.

EUROPEAN Regulations

EC Classification (assigned): F Highly flammable.

EC Risk Phrases: R11 Highly flammable.

EC Safety Phrases: S2 Keep out of reach of children.

S7 Keep container tightly closed.

S16 Keep away from sources of ignition. No smoking.

National Inventory Status

U.S. Inventory (**TSCA**): Ethanol: Listed on inventory.

TSCA 12(b)

Export Notification: Ethanol: Not listed.
